活动程序与教学设计合规备案文件

备案事项：幼儿科普实践活动内容程序与风险规避专业审查备案 依据标准：学前教育儿童身心发展健康规范与指导原则

备案详情：本次实践活动的全部教学环节及互动演示内容，均已在筹备阶段提交至学前教育及儿童心理学方向的专业顾问委员会进行事前合规与安全评估。审查程序已在活动方案中严格排查并剔除存在细小部件误吞风险的教具、含有潜在过敏原的接触物质，以及任何可能诱发低龄群体应激反应或恐慌情绪的视觉与语言刺激元素。活动设计方案已获准通过，确认相关流程符合低龄儿童身心发展客观规律，具备实施可行性与安全性。

Activity Procedure and Teaching Design Compliance Filing Document

Filing Item: Professional Review Filing for Content Procedures and Risk Mitigation in Early Childhood Science Popularization Practice Activities Statutory Basis: Normative Guidelines and Principles for the Physical and Psychological Health Development of Children in Preschool Education

Filing Details: All teaching segments and interactive demonstration content of this practical activity have been submitted to a professional advisory committee specializing in preschool education and child psychology for prior compliance and safety evaluation during the preparation phase. The review procedure has strictly inspected the activity plan and eliminated teaching aids with risks of accidental swallowing of small parts, contact substances containing potential allergens, and any visual or verbal stimulus elements that may induce stress reactions or panic emotions in young demographic groups. The activity design plan has been approved, confirming that the relevant procedures comply with the objective laws of the physical and psychological development of young children and possess implementation feasibility and safety.
